Voltage type voltage transformer

Model:TV600GB-5K

Characteristics:

Plate type mounting. Used for voltage sampling, relay Protection, display instrument driver.

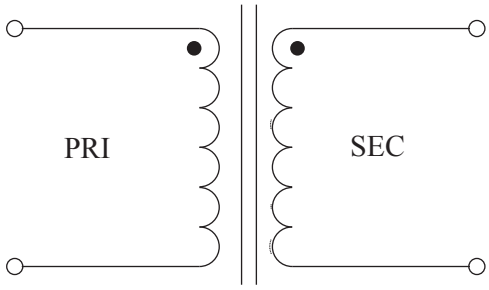

Technical index:

Mounting type：Plate type
Flame resistance：UL94-V0
Execution standard：GB1208-2006
Operating temperature：-35℃～+85℃
Storage temperature：-45℃～+95℃
Frequency range：50Hz-1KHz
Dielectric strength：20KV 50Hz 1min（Secondary/Primary）

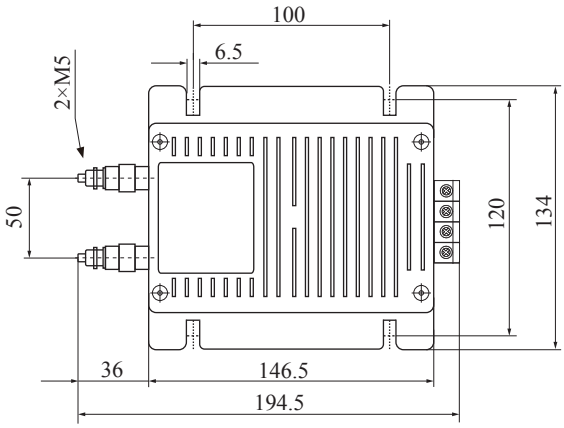

Electrical parameters:

Rated input	V
Max. input	V
Rated output	V
Turns ratio	
Accuracy	%
Linearity	%
Phase difference	
sampling resistance	Ω
Weight	g
